

# K.RAMAKRISHNAN COLLEGE OF ENGINEERING

**An Autonomous Institution**

Permanently Affiliated to Anna University Chennai, Approved by AICTE New Delhi,  
ISO 9001:2015, 14001:2015 certified institution, Accredited by NBA and with A grade by NAAC

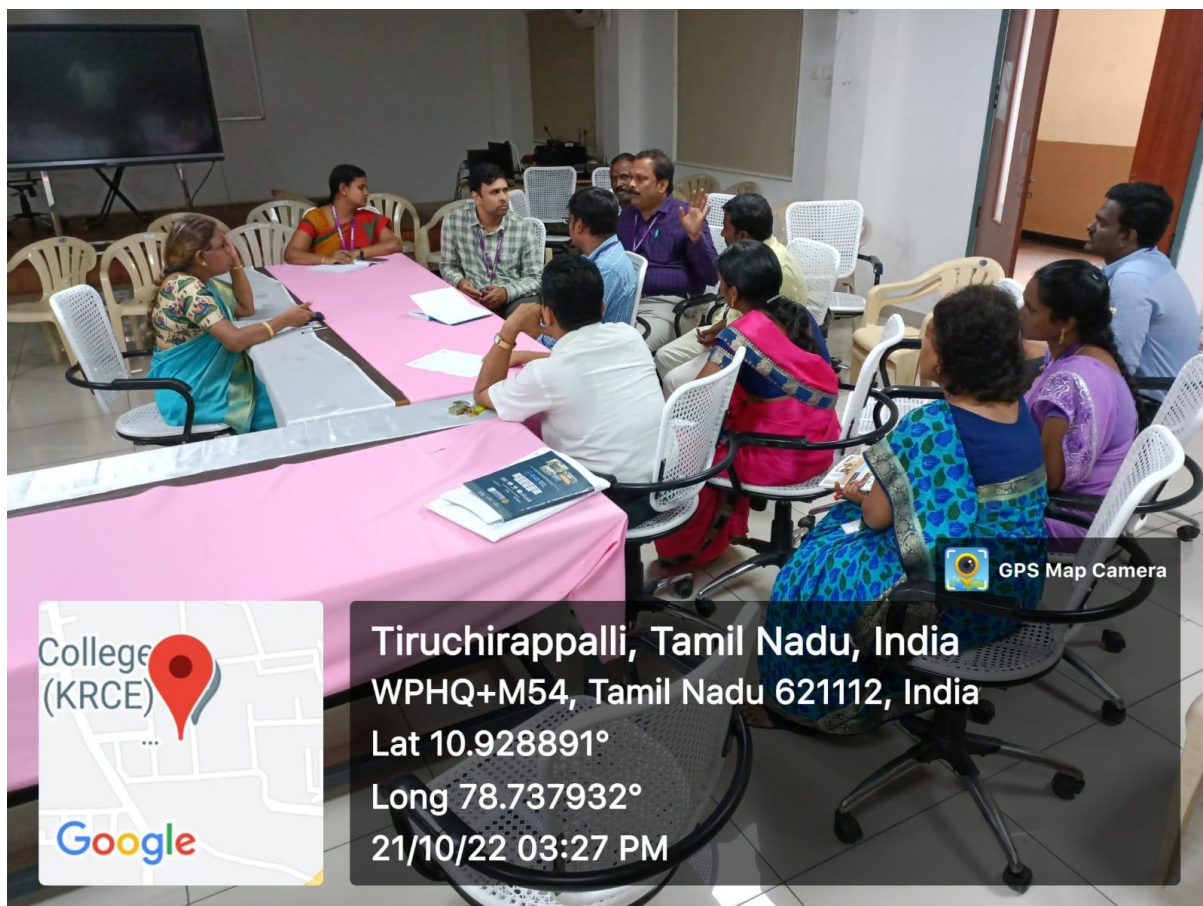

Samayapuram, Tiruchirappalli – 621 112, Tamilnadu, India.

## CENTRE FOR RESEARCH AND DEVELOPMENT CELL

### RESEARCH COMMITTEE MEETING REPORT

Research committee meeting has been conducted on 21.10.22 at 3.15pm with the committee members. R & D coordinator Dr.C.Jeyalakshmi Professor/ECE initiated meeting and few points were discussed regarding the fund proposals and publication in quality journals. Dr.B.Viswanathan, Associate Professor/ECE shared name of the websites to refer for the fund proposals and possible funding agencies for the science and humanities and other departments. He suggested that apart from internal research members, any retired senior research member from other university can be referred for consulting fund proposals officially.

All the members agreed to make interdisciplinary fund proposals. Physics department requested about research lab facilities for them to do experimental analysis and proposal is already submitted to ED.

This has to be discussed with principal sir and further action has to be taken. Hands on training are requested for all the new faculty members since they don't know how to write a research paper. How to find the Q1, Q2 journals from the website is discussed since different domain from the same journal has different journal ranking. Members are also asked to refer NITT website under research and consultancy for journal ranking list. Similarly how to find a suitable journal for publication from <https://guides.lib.wayne.edu/choosingajournal/qjr> and similar other websites are referred.

Regarding publication claim for SCI journals, contribution for corresponding/First author is discussed. Instead of 50% or 40% for all the journals, variation with journal ranking can be followed. Then if students are involved in publication, incentive can be considered.

Design patents have to be improved from Mechanical and other departments. This has to be discussed with principal sir.
